

Srikanth Chakali

+91 9000074837 | Kurnool, Andhra Pradesh | chakalisrikanth32@gmail.com | [GitHub](#) | [LinkedIn](#) | [Leetcode Profile](#)

Summary

Computer Science undergraduate with hands-on experience building full-stack applications using Python, PostgreSQL, Flask, and JavaScript/React. Skilled in database design, secure authentication (JWT, bcrypt), and deploying production-ready web applications with role-based access control and real user data.

Technical Skills

Programming Languages: Python, SQL, Java (OOP Fundamentals)
Web Technologies & Frameworks: HTML5, CSS3, JavaScript, React, Streamlit, Flask
Databases: MySQL, PostgreSQL
Tools: Git, GitHub, Visual Studio Code
Soft Skills: Problem Solving, Communication, Adaptability, Time Management

Projects

- CashFlow - Personal Expense Tracker** | *Python, Flask, PostgreSQL* | [GitHub](#) | [Live Demo](#) Jun 2025
- Developed a full-stack personal expense tracker with secure authentication, income/expense management, savings calculation, and category-wise spending analysis across 6+ expense categories.
 - Implemented PostgreSQL-based user-specific data storage, bcrypt password hashing, and CSV export; deployed the Flask application on Vercel to support unlimited concurrent users with fully isolated data.
 - Designed and optimized a relational database schema across 4+ tables for efficient transaction storage, retrieval, and filtering, reducing average query response time for filtered views.
- Personal Portfolio Website** | *HTML5, CSS3, JavaScript* | [GitHub](#) | [Live Demo](#) Jul 2026
- Built a responsive personal portfolio website featuring theme switching, smooth navigation, and an interactive project showcase across 5+ sections.
 - Integrated a Formspree-powered contact form and fully responsive design, improving accessibility and recruiter engagement across 3+ device breakpoints (mobile, tablet, desktop).

Experience

- InternPe** May 2025 – Jul 2025 *Remote*
- Python Programming Intern*
- Completed a 6-week Python programming internship, building 5+ mini-projects covering scripting, application logic, and problem-solving.
 - Applied core Python concepts to deliver 5+ functional applications, meeting all assigned project deadlines and deliverables.

Education

- G. Pullaiah College of Engineering and Technology** 2023 – 2027
Bachelor of Technology in Computer Science and Engineering Kurnool, Andhra Pradesh
- Board of Intermediate Education, Andhra Pradesh** 2021 – 2023
Intermediate (MPC – Mathematics, Physics and Chemistry) Andhra Pradesh

Certifications

- Deloitte Australia Data Analytics Job Simulation – Forge May 2026
- Programming with Python 3.X – Simplilearn SkillUp May 2026
- Data Analysis with Python – freeCodeCamp Jun 2026
- Introduction to AI and Fundamentals of AI – IBM SkillsBuild Jun 2026
- AWS Certified AI Practitioner – Amazon Web Services (AWS) Jul 2026

Achievements

- Completed the Employability Skills Program by EduSkills, focusing on communication, teamwork, and workplace readiness.
- Participated in the TechnoVerse Hackathon organized by Cognizant, collaborating with peers on technology-driven problem solving.
